

## Irregular verb patterns

Some irregular verbs keep the same in base form and simple past. Some change their form in different patterns. Look at these basic patterns.

Group 1: Irregular verbs that change the *d* to *t* in the past forms.

*send*–*sent*, *spend*–*spent*

Group 2: Irregular verbs that do not change from base form to simple past.

*cost*–*cost*, *hit*–*hit*, *shut*–*shut*

Group 3: Irregular verbs that lose an *e* and add or keep a *t* at the end.

*sleep*–*slept*, *meet*–*met*

Group 4: Irregular verbs that have no specific pattern.

*give*–*gave*–*given*, *see*–*saw*–*seen*, *get*–*got*–*gotten*, *do*–*did*–*done*

**Task 1: Circle the correct options. Then write the number of the group pattern the verb follows.**
